

December 1, 2011

Hola.....where has the time gone? I realize we have all said this, but can you believe it is Diciembre? Time is flying for sure.

In November, Thanksgiving was our focus, but a little opposite of what you may think. We learned that in Spanish speaking countries all of the children were learning about us and Thanksgiving, an American tradition. We then focused on learning some manners words in Spanish, setting the table using Spanish words, and finally, how to express that we were thankful this time of year.

This month we will be working on the holidays, including learning about the various cultural celebrations held this time of year in Spanish speaking parts of the world. We will sing and dance to Spanish holiday music and will also be making ornaments, stars, stockings and trees.

We continue to have fun while learning Spanish. As always, I appreciate you sharing your children with me. Please feel free to contact me with questions or concerns.
