Pennsylvania Supported  
Education Network

## PaSEN

*A Collaborative Approach to  
Learning, Working, and Living  
in the Community*

Learn specific techniques to help individuals with disabilities move to post-secondary schools that will lead them to careers beyond entry level. During the session, participants will learn the basics of implementing a successful supported education program with limited resources, including utilizing active and passive supports to help your consumers be successful. Participants in this hands-on training will receive a resource guide to post-secondary schools, which includes a list of area contacts!

For more information or to request an accommodation please contact Roody McNair, PaSEN Coordinator, at 215.386.3838, ext. 151, or email [Roody.McNair@hhinc.org](mailto:Roody.McNair@hhinc.org) today! Please use the attached registration form to sign up for a training near you.

Sponsored with funds from the PA Department of Public Welfare CMS Medicaid Infrastructure Grant (CFDA#93.768) and the Office of Mental Health and Substance Abuse Services.
