## Heart Ornaments

Simple hearts cut from patterned paper and glued together in a 3-dimensional arrangement make sweet ornaments when strung with buttons and beads. This is such an easy way to make gifts or decorations for Valentine's Day or any occasion when love is involved—which means all year long!

This charming Heart Ornaments project is from *In Love With Paper Crafts* (Leisure Arts Book #5557). Because everyone needs ways to express love all year long, the editors of Paper Crafts magazine

have compiled this dynamic 288-page anthology with more than 400

of their most lovable cards and valentines, plus gift bags, boxes, albums, home accents, sweet treats, and party décor. It's an irresistible go-to resource for design guidance in all the categories of love. Themes include weddings, anniversaries, romance, family devotion, passion for life, and other heartwarming experiences. There is even a "Love and Learn" section featuring clever ways to use basic paper crafting tools and products and a variety of stamping techniques. Try out some advanced techniques, or keep it simple with quick and easy 5-step designs. It's always the perfect time to let someone know you care!
