Dear Mr. Chairman,

I applaud your effort to exercise the Constitutional oversight with which Congress is charged. I especially applaud your efforts focused on the so-called Stimulus bill.

Today, I write to respectfully ask that you investigate the relationship between Tom Carnahan and his Wind Capital Group and the Obama administration. Based on public reports, Carnahan and/or his associates or business received \$107 million for windmill projects. At this point, the public does not know what process was in place to insist that this did not occur with undue influence of Mr. Carnahan's brother, Congressman Carnahan.

Thank you for considering this request.

All the best.
