Mastercycler® pro Bundles

Eppendorf Mastercycler® pro

The Mastercycler pro with its unique, proprietary **vapo.protect** technology is ideally suited to the modern laboratory. With a shift to low-volume reactions and faster protocols, the need to safeguard the integrity of your sample has become increasingly vital. This is something that the Mastercycler pro offers without equal.

Mastercycler® pro

- Ultimate reduction of evaporation
- Extremely fast heating and cooling rates
- Gradient blocks with SteadySlope Technology
- Intuitive graphic programming
- Control up to 5 units with one control panel
- Optional self-test of Peltier elements

Limited Promotion

Purchase any Mastercycler pro with Control Panel and receive 266 skirted twin.tec PCR plates free and claim an additional 10 % of the purchase value in free goods.*
