

Attention: SEVENTH GRADE STUDENTS AND PARENTS
 Subject: HIGH SCHOOL PRACTICE TEST OPPORTUNITIES FOR SEVENTH GRADERS

Several high schools offer practice tests for students in the spring of seventh grade. Below is a listing of important information regarding this opportunity. If you are interested in taking a practice test, please contact the high school for more information, an application, the fee involved, and the registration due date. Taking a practice test is not required and does not guarantee admission to the school, but it is an early experience that may be very helpful to your son or daughter. Practice test scores provide valuable data that can be used in test preparation. When you receive your scores, please send a copy to Mrs. Lintner.
