

eco stucco® Artisan Workshop Training

INVEST IN GREEN BUILDING TODAY AND LEAD THE WAY TOMORROW.

Becoming an expert with eco stucco® with hands-on knowledge of the materials and application techniques will greatly benefit any contractor who looks forward to the green economy and perceives value in natural, sustainable materials.

The workshop is designed to help the artisan gain hands-on basic knowledge of the eco stucco® application process. The workshop also includes various decorative techniques related to the eco stucco® finishes.

THIS ONE-DAY WORKSHOP leads to more bidding opportunities on residential, commercial, and institutional projects wherever eco stucco® is specified by architects and designers. Certified artisans are listed on the eco stucco® online directory for increased exposure.

workshop outline

eco stucco® WORKSHOP REGISTRATION FORM

This one-day workshop is an important way to acquire the technical knowledge of eco stucco® as well as hands-on introduction to the basic product preparation and application process.

The event is held at 3060 Kerner Blvd. Suite S, San Rafael, California. It is provided at a nominal cost of \$275.00 per person, including catered lunch. Upon receipt of the eco stucco® certification, the artisan will be entitled to TRADE DISCOUNT on all materials.

Registration Policy: Registration must be accompanied with full payment.

eco stucco® workshops host only 6 students per session to ensure optimal participation. Each scheduled workshop fills-up quickly, which makes last-minute changes difficult to accommodate. If you cannot attend a scheduled training, notifications of cancellation MUST be received 7 days or earlier before the scheduled workshop. Within 7 days before a scheduled workshop there are no reimbursements for no-shows or cancellations.
