- Pledge
- Moment of silence
- Welcome remarks and meeting agenda
- Introductions around room
- Chair reports
- Good of the order
- 8:45-9:30 - speaker
- Close of meeting

Chapter Officers Reports

Chairman's Comments

Dear Fellow ASIS Chapter 79 Members,

203. For the first time in Chapter 79 history, our membership has eclipsed the 200 mark. This report was received from ASIS Headquarters at the end of November. Congratulations to all members who have helped expand our roster through their influence and support of the security industry and by extension; ASIS Chapter 79.

December's Chapter meeting will be held on December 16th, it will be a joint meeting: ASIS Chapter 79, InfraGard and the South Central PA Task Force. Please plan on attending this most interesting ¾ day of informative sessions. As noted in the announcement, attendance is capped at 125 attendees so please promptly register if attending.

The Chapter Christmas party will be held at Hershey Park on the evening of December 16th. Family are most encouraged to attend. As in years past, we anticipate Santa Claus will arrive and delight all children present by surprising them with gifts. Couple that with fine food, good company, and a chance to enjoy the rides at HersheyPark; this is an event for all ages. Please plan on attending.

The December Board Meeting on Wednesday evening 6pm at the Hershey Lodge Bears Den, will be the final session for the 2011 Chapter 79 Board. It has been a distinct pleasure to work with such fine professionals as those who have held board positions through this year. Thank you to all of them for their efforts in enhancing the membership experience for Chapter 79. In particular, the work of the Executive Board has been greatly appreciated: Chuck Gouldner – Vice Chair, Tracey Bray - Treasurer, & Bill Miller – Secretary.

The 2012 Executive Committee is actively engaged in planning 2012 1st Quarter events. The Annual Seminar planning is progressing well ahead of schedule. Efforts are underway to enhance the Chapter 79 web site. The incoming Board is developing a number of exciting initiatives to benefit Chapter membership. Please continue to support your Chapter and the 2012 Board and they will most assuredly provide members with exceptional value and benefits throughout the coming year.

Thank you to all members for the honor to have served this Chapter as Chair in 2011.

Please do not hesitate to contact me or any Board member with suggestions that might assist Chapter 79 and its members.

Respectfully yours,

John Maffey

Secretary's Report

ASIS Chapter 079 November 2011 Monthly Meeting Minutes

November 17, 2011

Location: Hershey Country Club

Attendance: members 26, 1 guest

The meeting was called to order by Chairperson John Maffey CPP. He opened the meeting with the Pledge of Allegiance and a moment of silence.

There was no secretary's report given; as attendees were reminded that the full summary of the minutes is available in the current edition of the Chapter newsletter.

Treasurer's Report was given. Chapter account balance as of 11/15/11- \$9666.70 in equity

The Board met on Wednesday evening November 16th at the Appalachian Brewing Company. The following business was discussed.

December- joint meeting with InfraGuard and South Central PA Task Force at Hershey Headquarters.

Topics being considered for future meetings are: Travel security, Social media, Workplace Violence, Crisis Management, Electro Magnetic Pulse, and Business Continuity Plan, January 's speaker will be Bruce Milson, topic is Professionalism and Ethics.

There is an anticipated price increase associated with the breakfast at Hershey Country Club that will be effective in 2012, increased to \$15 for breakfast.

The chapter has awarded the matching scholarship to Robert Granzow IV.

The chapter has three webinars for member use. The titles will be published in the newsletter. Steve Kristovensky will be the contact person.

Seminar Planning is currently underway, with the date already booked for April 27, 2012, the working theme is "Security: The People Factor"

Mike Nagurny, CPP; serving as placement chair reminded that there are new positions available on the website

The decision has been made to solicit bids for a professional Webmaster. A decision will be forthcoming by the Executive Committee.

Dave Sherrid, Historian; reported that the chapter will be applying for the IB Hale award, and is seeking information pertinent to the application

The Young Professionals are currently working at the national level for the 2012 seminar

The Chapter Christmas Party will be held on December 16, 2011 at the Coaster Café in HersheyPark. The invitation has been sent, and is included in the newsletter..

The chapter has decided to make a \$250 donation to the Wounded Warrior Calling Card program.

The chapter is looking at setting a review course for 2012, more information to come.

The 2012 ASIS National Seminar is coming to Philadelphia. Dan Kropp, CPP is the chairman.

The meeting closed at 8:40AM and the educational tour started.

ASIS Chapter 79

Treasurer's Report

November 15, 2011

The current balance in the PayPal account as of 11/15/11 is \$900.03. This balance reflects the monthly charge posted by PayPal of \$30.00 as well as a \$6,000.00 transfer to the Chapter's checking account.

The following outlines the Chapter's checking account activity from the previously reported balance through 10/31/11:

	Debit	Credit	
Previous Balance 9/30/11			\$ 6,304.47
Golf tee signs	\$ 95.40		
Links at Gettysburg -golf outing	\$ 4,551.91		
Golf registration & raffle ticket deposit		\$ 1,895.00	
Golf registration refund	\$ 240.00		
Silent Auction Expense	\$ 960.00		
PA Online website renewal	\$ 121.70		
Golf registrations		\$ 645.00

Young Professionals

2011 Young Professionals Webinar Series

Visit www.asisonline.org/yp for further webinar details and registration.

industry.

Membership

While a young professional is typically defined as a member who is less than 40 years of age or who has spent fewer than five years in the security profession, we encourage participation from anyone passionate about this initiative, regardless of age or experience.

Benefits of Group Participation

- Strategic networking – Build your professional network by meeting other young professionals and industry leaders.
- Valuable mentoring – Grow and strengthen your career with the guidance of established ASIS member practitioners.
- Targeted education – Acquire new knowledge and information relevant to your career through customized educational forums.
- Enhanced communication – Keep updated on the latest ASIS initiatives.

Want to get involved?

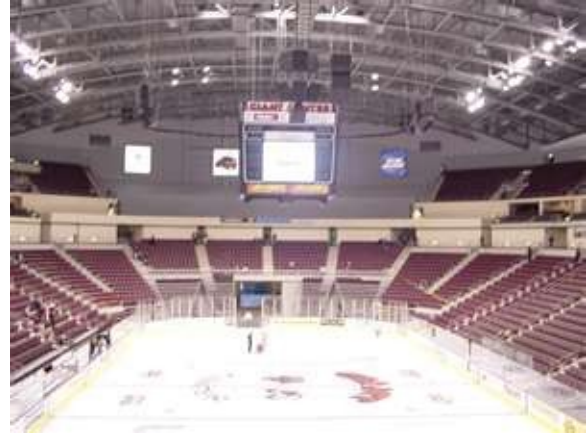

Go to www.asisonline.org/yp, or email yp@asisonline.org. A network of Young Professional Chapter Liaisons is being developed. Go online to view a listing of current liaisons.

Monthly Educational Program

Due to the wonderful folks at Hershey, in lieu of an educational meeting, the chapter members were provided an educational tour of the GIANT Center, home to the HERSHEY BEARS!

CHAPTER LIBRARY

Effective Physical Security, Third Edition, 2004, by Lawrence Fennelly
Risk Analysis and the Security Survey, Third Edition, 2006 by James Broder, CPP
Implementing Physical Protection Systems, A Practical Guide, 2004, by David Patterson, CPP, PSP
The Design and Evaluation of Physical Protection Systems, 2001, by Mary Lynn Garcia, CPP
Physical Security, Excerpted Copy prepared by ASIS Int. for use by individuals studying for the PSP exam.
Business Continuity Guideline by ASIS International, 2005
Introduction to Security, Seventh Edition, 2004, by Robert J. Fischer and Gion Green
CPP Study Guide, 13th Edition, 2008, Bomba and Demming
The Process of Investigation, Second Edition, 2001, Sennewald and Tsukayama

* This includes the majority of the resources recommended for the CPP as well as the PSP Courses of study. I do not have in my possession the Professional Investigator's Manual which is now the sole resource for the PCI program of study. I also do not have an up to date version of Purpura's Book, "Security and Loss Prevention," the "Management of Information Security," or the "Handbook of Loss Prevention and Crime Prevention" by Fennelly. Perhaps the Chapter could purchase these as well (or someone could donate a current copy) to complete the library? The POA Manual is currently in transition from binders to hard cover editions. I believe only two are available at this time. (I have copies of those as well.) They are the editions on Information Security and Investigation. – Steve Kristovensky

WEBINARS

brought to you by

Webinars—short, live events that bring the latest information to your home, chapter meeting, desktop, or conference room.

Dec 14: [Active Shooters in Healthcare Environments: Protecting Patients, Staff, and Visitors](#)

All Webinars begin at NOON

Certifications

For years the world has recognized a need for competent professionals who can effectively manage complex security issues that threaten people and the assets of corporations, governments, and public and private institutions. As the emphasis on protecting people, property, and information increases, it has strengthened the demand for professional managers. To meet these needs, the ASIS International administers the Certified Protection Professional program.

Nearly 10,000 professionals have earned the designation of CPP®. This group of professionals has demonstrated its competency in the areas of security solutions and best-business practices through an intensive qualification and testing program. As a result, these men and women have been awarded the coveted designation of CPP®, and are recognized as proven leaders in their profession.

Employers, whether in private business or in public law enforcement, demand finely-honed investigative skills and more thorough case management.

The new investigations certification will help employers identify those professionals who have the specific, in-depth competency and knowledge required not only to get the job done - but to get it done right.

The investigations examination is targeted to security professional whose primary responsibility is to conduct investigations. It consists of multiple-choice questions covering tasks, knowledge, and skills in:

- **Case Management**
- **Evidence Collection**
- **Case Presentation**

Today's employers want highly-trained professionals who have solid, hands-on experience with both current and emerging security technologies and solutions. This means that there are multiple areas in which physical security specialists must be knowledgeable.

The physical security certification will separate those who have this technical background from those who do not, giving them that professional edge.

The physical security examination is targeted to security professionals whose primary responsibility is to conduct threat surveys; design integrated security systems that include equipment, procedures, and people; or install, operate, and maintain those systems. The test consists of multiple-choice questions covering tasks, knowledge, and skills in:

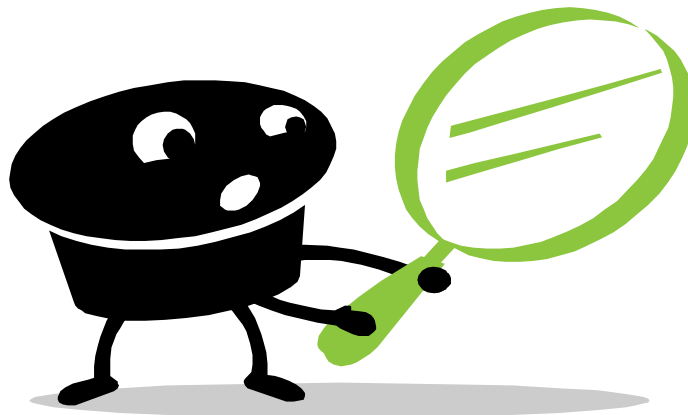

- **Physical Security Assessment**
- **Application, Design and Integration of Physical Security Systems**
- **Implementation of Physical Security Measures**
