

press release

## UKIBC TO TAKE DELEGATIONS TO COIMBATORE AND CHANDIGARH

UKIBC and UKTI work on Emerging Cities continues with delegations to Coimbatore and Chandigarh.

In October an infrastructure delegation will visit Coimbatore and Chennai in Tamil Nadu, where delegates will find major opportunities in transport (metro rail projects, high speed corridor links and major road projects); in port modernisation and expansion in Chennai and Ennore, special economic zones and commercial and residential multi - purpose complexes. The key activity in Chennai will be the Green Buildings Congress along with a wider programme in both cities organised by UK Trade and Investment.

The delegation to Chandigarh plans to take in Mumbai, Pune and New Delhi in late November/early December. The focus will be opportunities in supply chain logistics and food processing. The Key event in Chandigarh is an Agritech Conference.

Chandigarh is the capital city of two agriculturally-rich Indian states, Punjab and Haryana. As such it is a key city for agriculturally rated industries especially food processing and supply chain/logistics.
