Intuition is one of the greatest gifts we are offered by the Divine and developing our skills and refining our art is one of the greatest gifts we can give ourselves. Intuition is available to us ALL...and will speak to us in many ways. **I have recently been offered some NEW AND VERY EXCITING SKILLS and TOOLS to help with intuition that I can't wait to share with you!**

This Friday evening yoga workshop will give you the time and space to connect, feel, intuit and enhance your intuition through the practice of yoga and access the signs, messages and clues in your body, cultivating your intuitive abilities. Through intentional yoga asana aimed at enhancing intuition, pranayama, meditation, deep relaxation, and powerful tools and modalities you will learn to awaken, heighten and trust your intuitive abilities. There will also be a forum to answer any questions you may have and **a portion of the workshop will address exploring our Life Path and Purpose (Dharma)**. This will be a wonderful workshop **for teachers of all kinds, those in the creative and healing arts, beginners who are open to learning about intuition, or for those that are refining their skills and gifts**. Come give yourself this gift...it is truly a gift from the DIVINE! Remember the more you practice...
the more you develop your skills!!!

As a gift to you, I am offering a 10% discount for those students that attended the Intuition workshop last year, so you can further deepen your practice with New, Exciting and Innovative Skills!!!
