

MONUMENT magazine, in association with KE-ZU,
invites you to our second Create-A-Date LIVE event.

JULIE PATERSON, designer and director
of cloth fabric, and ANDY MACDONALD,
director of Mac-Interactive Architects, discuss
how a sock and potatoes inspired their Couch
Potato indoor seating design. They pose the
question: "DOES THE WORLD NEED ANY
MORE CHAIR DESIGNS ANYWAY?"

MONUMENT

Create-A-Date sets up industry creatives
on a 'blind date' to collaboratively design
a nominated object. The results are then
published in MONUMENT magazine. Find
out first-hand about their experience at
Create-A-Date LIVE.
