The Weekend

Our work together begins before we meet. My Advance Assignments are designed to take you on a journey of self-discovery, spark your creativity, and give me insights into making your weekend truly transformational.

Friday Evening ► Discover the BIG IDEA.

I'll divulge the Three Ingredients for Career Rocket Fuel and show you how to use them to catapult your career. Find what makes a Hooky Idea and how to tell when you've got one. Grasp the Essential Story Elements.

Saturday ► Delve into what drives you as an artist and makes you strong as a writer.

I uncover the power of your personal thematic to drive stories and draw audiences. We identify your Screenwriting Strengths as keys to your success. Learn to pitch like a pro and to use pitching as a fast track to Story Solutions.

Saturday Evening ► Fear and confusion about structure *vanish*.

We screen a film – pizza, popcorn and my Structure Breakdown of the movie using Industry Insider vocabulary. Our discussion will open your eyes to the fact that all screenwriting gurus talk the same talk. My One-Pager Template enables you to explore possibilities and solve problems on a single piece of paper so you spend less time rewriting.

Sunday ► New ideas take shape and take flight so you're ready to write.

Pitch me your top contenders and get constructive feedback. Step out to work on your story; then get added input. Play my amazing Idea Generating Game. By the end of our weekend, you have a Big Idea that can take you places and a roadmap for your script. And if you have questions on your journey – you have **my mentorship** for a year!

"Big Ideas gets straight down to what works, because in the film business, what works is all that matters."
