Getting around

TO AND FROM THE AIRPORT

Private transfers

To avoid the hassle and stresses of navigating an unfamiliar public transportation system, arrange a private transfer with your hotel before arrival.

Taxis

Taxi counters can be found after customs on the arrivals level and outside of the terminal. Metered and fixed fares are offered. Agree on a fare before getting into a taxi.

For fixed fare taxis, rates are usually published on a big plastic signboard at the taxi counter. When you get to the airport taxi counter you will need to tell the clerk your destination and he will quote you the price. You will get a piece of paper with the number of your taxi written on it, and often the price as well. The payment is to the taxi driver at the end of the ride.

Online taxis

In some parts of Bali (Seminyak, Kuta, Jimbaran and Denpasar), online taxi options are available. You may download and use the **Grab** online taxi app on your mobile phone for ease of travel: <https://www.grab.com/id/en/>.
