

Beginner Free Motion Machine Quilting

This class is an exciting journey in two parts.
For all the classes you will need

- ❖ A sewing machine in good working order
- ❖ Either the ability to drop the feed dogs on your machine or a cover to cover them up.
- ❖ Neutral thread (it's a good idea to have a few bobbins wound in advance)
- ❖ Quilting needle 90/14 for your machine
- ❖ Scissors, seam ripper

You will also need:

- ❖ Free motion quilting foot
- ❖ Clear plastic ruler
- ❖ Blue washout marker or similar erasable marker
- ❖ 3 quilt sandwiches* approx. 24" square using muslin or 100% cotton solid or tone on tone fabric for the top fabric. Pattered fabric is not suitable for this as it makes it difficult to evaluate your stitches. Use a low loft batting like Warm & Natural or Hobb's Heirloom in your quilt sandwich – no fluffy poly batting please!
- ❖ Prior to the class have all the quilt sandwiches basted. This can be done by machine, by hand around the perimeter or you can pin with safety pins every 4" apart.

Nice to have for all sessions

- ❖ Quilting gloves (available at the store for purchase)
- ❖ Extension Table for your machine

*To make a quilt sandwich cut 24" squares of your top fabric, backing and batting.

Due to allergies please refrain from wearing perfume on the class day Thank you
