Congratulations to the following learners who received awards for top presentations:

**Undergraduate Poster**

Mohamed Adam  
*Supervisor: Dr. Sandeep Raha*  
*Title: Investigating the impact of long-term low oxygen tension on the placental barrier*

Honourable mention goes out to the following learners for excellent presentations in this category:

- Evangelos Benak  
  *Supervisor: Dr. Brian Timmons*  
  *The relationship between early childhood physical activity and temperament*

- Evelina Zebrowski  
  *Supervisor: Dr. Brian Timmons*  
  *Title: Systemic effects of exercise on bone formation in females*

- Sorina Stef & Adrian Bulfon  
  *Supervisor: Dr. Karen Choong*  
  *Title: Hyperchloremia in Critically Ill Pediatric Patients, the HyCCiP Study*

- Katina Zheng  
  *Supervisor: Dr. Karen Choong*  
  *Title: Early Exercise in Critically Ill Children: A preliminary evaluation (The wEECYCLE Pilot Trial)*

**MSc Poster**

Madison Beatty  
*Supervisor: Dr. Stephanie Atkinson*  
*Title: Comparison of daily step counts in pregnant women measured by pedometers and accelerometers*
Michelle Phoenix
Supervisor: Dr. Peter Rosenbaum
Title: The journey to child health and happiness

Anushka Weeraratne
Supervisor: Dr. Andrea Hunter
Title: Assessing developmental delay and demographic characteristics in newcomer children at Refuge: Hamilton Centre for Newcomer Health

Abdul Razak
Supervisors: Dr. Amit Mukerji & Dr. Prakesh Shah
Title: Pregnancy induced hypertension and neonatal outcomes: A systematic review and meta-analysis

Katelyn MacKenzie
Supervisor: Dr. Moyez Ladhani
Title: A look at pediatric ward rounds for areas of improvement

Honourable mention goes out to the following learners for excellent presentations in this category:

- Efrah Yousuf
  Supervisor: Dr. Katherine Morrison
  Title: Establishing the relationship between gut microbiota and early-life lean mass in preterm infants

- Jelena Popov
  Supervisor: Dr. Elyanne Ratcliffe
  Title: Mechanisms of interaction between the intestinal microbiota and enteric nervous system in fetal mice

Akshdeep Bhatia
Supervisor: Dr. Christoph Fusch
Title: Target fortification of breastmilk with protein carbohydrate and fat for preterm infants improves growth outcomes: A double-blind randomized controlled trial
