ICES McMaster and RDC@McMaster:
Applicability to maternal and child health research

McMaster University is home to two major health and socioeconomic data labs - ICES McMaster and RDC@McMaster. Both have applicability to maternal and child health research. This session will provide an overview of both laboratories, the available data, and the process for access. Join us to learn how your research may benefit from access to these local resources!

Presented by:
Dr. Hsein Seow
Associate Professor, Oncology & Site Director, ICES-McMaster
Dr. Byron Spencer
Professor, Economics & Academic Director, McMaster RDC

All faculty, research staff, allied health staff, and trainees are welcome to attend.
*These are interactive sessions - we want to hear your feedback, questions and great ideas!*
