Careers Advice

Jennifer Connell is the dedicated Careers Adviser for the School of Medicine.

40-minute careers appointments are open to student doctors, of any year, usually on Mondays, Wednesday afternoons and Fridays.

The appointments can be face-to-face at Room 229, 2nd Floor, Cedar House, or by telephone.

Careers appointments can be used for a range of issues, including:

- the choice of, or entry onto intercalation courses, electives, the Foundation Programme or the specialties;
- personal statements, practice interviews, discussions on how to build your career as a doctor,
- skills development, discussing post-graduate or other further study,
- concerns about your motivation for medicine, taking a year out, working abroad,
- or to discuss alternative career options.

To book an appointment, please visit the Careers Hub: [https://careerhub.liv.ac.uk/students/appointments/app/?consultantId=25304&campusId=991&siteId=1]

NB/ These appointments are usually not suitable for:

- Review of CVs, covering letters, LinkedIn profile reviews and application advice for non-medical jobs or courses.

For help with these, please drop into the Careers Studio, in the Alsop Building on University Square, where our Career Coaches will be on hand to help you. You don’t need an appointment.

During term-time, the Careers Studio is open on Monday - Thursday: 10am - 6pm and on Friday: 10am - 4pm.
