WHAT IS POPULATION HEALTH?

Improving total population health means improving the health and well-being of all people in a population in a given geographic area while eliminating health inequalities.

CATEGORIES

☐ Collaboration  ☐ Community Impact
☐ Data-Driven  ☐ Inclusion  ☐ Transparency

PROCEDURE

Nominating individual/organization must submit a written statement of up to 500 words describing how they use one or more of the above categories in their organization to improve population health in the WNY region.

Nominations are vetted by the P2 Collaborative of WNY with the PHIP Steering Team casting final votes of the approved nominees.

RECOGNITION

Winners will be announced live on October 13th at the 3rd Annual SOPHi Awards & Expo at Buffalo RiverWorks! Each organization will receive one complimentary ticket to attend the SOPHi’s, with the opportunity to be included in the P2 blog, newsletter, and PHIP webinar series.
