Southeastern Colorectal Cancer Symposium 2018
New Orleans, Louisiana
June 27-29, 2018
CALL FOR ABSTRACTS
DEADLINE FOR SUBMISSION OF ABSTRACTS: MAY 11, 2018

Request for Poster Abstracts: Poster abstract submissions are invited from Southeastern Colorectal Cancer members and their partners. The purposes of the poster session: 1) to share information about colorectal cancer prevention and control efforts in your state with your regional neighbors, and 2) to build a strong professional network among southeastern professionals who share an interest in colorectal cancer prevention and control. This is an opportunity to share best practices and does not necessarily have to be scientific in nature.

The poster session is limited to a total of 20 posters. We urge each state to submit an abstract for a poster describing their colorectal cancer control programs. Additional posters are welcome and may cover a variety of topics related to colorectal cancer.
