The Reason We Do
What We Do
Submitted by
2ndVDG Richard Hopkins

On October 20, 2018, the Buckeye Lions Club set up a vision screening booth at the G.A.I.N. event hosted by the Buckeye Police Department. We did over 110+ screenings. One was a 9-month child and the SPOT machine said a complete eye exam was needed as the child indicated Anisocoria. I did the screening twice just to be sure. The child was with his mother and I showed her the results, and when she asked what that meant, we had to look it up and it indicated possible head trauma or eye damage. She said she would follow up. A short time later, she returned with her husband and he was concerned. We retrieved the test results and showed him the screen. He was grateful and said he would follow up. We told him our Family Resource Center would be able to help him if needed. A few days later, we were notified that the child had seen an eye doctor and was referred to a pediatric eye specialist. Unfortunately, the costs were prohibitive, so the Buckeye Lions helped with the deductible/co-pays and other costs. A staff member from the Family Resource Center accompanied them to the specialist today. The baby was diagnosed with cataracts, and scheduled for the procedure to correct it. The eye specialist says the child’s vision will be fine as a result. However, the specialist said if the condition had not been identified and treated, the child would have lost the sight in the one eye permanently. The family is grateful beyond words. We thank Chief Hall and the Buckeye Police Department for allowing us the opportunity to participate in the G.A.I.N. event, and Chief Costello and the Buckeye Fire Department, whose firefighters donated over 1/3 the cost of our SPOT machine. Without everyone working together, this child’s sight would not have been saved.
