PACE Honor for Character: Community Service

Lindsey Sweatland is a second year student with a major in marketing and a minor in electronic media. An honors student, student worker and active student leader – Lindsey still finds time to give back to the community. She regularly does volunteer work with The FreeStore Foodbank, Matthew 25 Ministries, and the Ronald McDonald House. She was a Clean Up Cincy Fall Leader where she and her co-leader were responsible for ensuring that approximately 50 students arrived to and from the clean-up site and completed their task thoroughly.

She partners with fellow Glen Este Middle School alumni and has DJ’d the school’s dances for the past four years. The biggest service organization she works with is Cincy Kids 4 Kids – a non-profit organization run by local kids and families that dedicate time to raise money for other local kids and families in need. She volunteers at the annual Back-to-School Carnival every year as well as the Spring Easter Egg hunt. In 2016, she served Thanksgiving dinner to families at Shriner’s and wrapped Christmas gifts for families that may not have had gifts otherwise.

Lindsey is a remarkable person with a big heart, and is well deserving of the 2017 Business Fellows Community Service PACE Honor.
