President’s Message

Dr. Gus Vouchillas
2016-2018 CA-AFCS President

CA AFCS is on the move. . . . Energy is building around our Student Leadership Conference, our upcoming Student Competition which will be announced in the fall, as well as our 2018 Biennial Western Region Conference to be held in San Francisco.

In addition, we are receiving great ideas about staying fit through the Wellness Wednesday, twice monthly, series that is part of the FCSfit Initiative – year one of the initiative is about physical wellness. Please check out the FCSfit Pledge Wall where you can read comments and ideas that others are posting about staying healthy. You can also post ideas by making a pledge to staying fit and let others know about your great fitness ideas. This initiative is designed to help us think more about the small changes we can make in our daily lives that make a big difference. Seeking out ways to help others (as well as ourselves so we can help others) of course is what makes AAFCS and our CA Affiliate great – we know how to do things that impact the quality of lives – this is a tremendous outcome.

As April 29th nears, energy is building around the Student Leadership Conference which will take place on that date in partnership with Kappa Omicron Nu at California State University Long Beach. Our Affiliate is thrilled to be part of this great full day event that will underscore an Ethics of Care paradigm for leadership development and for maintaining a principled approach to the work we do. Our semi-annual Board of Directors meeting will take place alongside the Student Leadership conference so that our professionals and emerging professionals can share and exchange ideas. Sincere thanks to Dr. Jody Roubanis, Sara Digre, and Kappa Omicron Nu leaders for their diligence and creativity in seamlessly pulling this event together.

Our Tri-chairs are working diligently to secure the perfect location for our Western Region Biennial Conference which will take place in the spring of 2018. We are anticipating an energetic event with great opportunities for sharing current research, research proposals, community engaged scholarship and involvement, as well as student works in progress and student involvement. The call for proposal submissions will be sent out in the fall so please keep a look out for the email. The committee is also researching college and university academic calendars in an effort to ensure that we select a weekend which we hope will work for everyone. Special thanks to

The AAFCS goal of ‘Connecting Professionals’ should serve as a reminder that when we come together to share our ideas and to help each other uphold the mission of the organization, there is no end to what we can achieve.

(continued—p2)
President’s Message (continued-)

Dr. Nancy Rabolt, VP of Programs and Rhonda Campbell, tri-chair for their commitment to creating a memorable event for our state and region.

On behalf of the entire CA State Affiliate, I wish to express sincere congratulations and thanks to Mary Turner Gilliland – president of the Bay District - who has been selected as a recipient of the AAFCS Distinguished Achievement Award for 2017. Mary’s history of working to further the family and consumer sciences is a remarkable contribution and illustrates her commitment to serving others. Donations are being accepted in honor of Mary and the information regarding contributions is available on the national website (www.aafcs.org). Congratulations Mary!

I look forward to seeing many of you at the Student Leadership Conference and, as always, look forward to hearing about your successes along with ideas for the future of CA AFCS.

Gus Vouchilas Ed.D.

Virtual FCSfit Pledge Wall
Common goals can be an inspiration. See what your fellow FCSfit-ters have pledged! No pledge is too small for the wall, so take the pledge today! (Please note this page is updated twice-monthly, so if you don't see your pledge below, please check back!)

http://www.aafcs.org/fcsfit/pledgewall.html
If you have not yet participated, we invite you to review our national “Say Yes to FCS” social media campaign! The social media campaign, “Making a Difference Through Family & Consumer Sciences,” highlights a different theme and strategies that can be carried out through family and consumer sciences education programs (school-based or community-based) each month, all focused on recognizing the importance of both family and consumer sciences educators and programs. We want to engage family and consumer sciences professionals, advocates, and ESPECIALLY program participants who will reach out to their respective social media networks—therefore reaching other prospective family and consumer sciences educators! Engaging program participants in communications with their social media networks, which ensures that the messages reach this population segment, is critical to the success of this campaign.

If you have any questions regarding the social media campaign, please email Gwynn Mason at pr@aafcs.org.

degree in School Administration. Her first teaching position in
San Diego was at Memorial Jr. High School where she taught
home economics. A success in teaching, she was soon promoted to an
