The Lindley Celebrates Grand Opening

The Lindley project in Chevy Chase celebrated its Grand Opening on October 15 less than a week after receiving its Certificate of Occupancy. The ceremony included a ribbon cutting, remarks, and a park dedication.

“When you step inside this building, you’ll see a work of art, but it’s much more than that. It’s a place to build community,” said Stacy Spann, Executive Director of the Housing Opportunities Commission of Montgomery County (HOC). Spann spoke of the innovations The Lindley presents as a mixed-use, income-inclusive community offering different levels of affordable housing to the greater Montgomery County Community.

The eleven-story building was designed by Design Collective and features 200 units and three levels of below grade parking. The amenity spaces include a playroom, game room, and library. “Donohoe [Construction] is responsible for what you see here today,” said McLean Quinn, Vice President of Land Acquisition and Development from EYA. “The Lindley was delivered on time and under budget.”

The building broke ground in January of 2017, and topped out in December. Said County Executive Isiah Leggett, “Together, I think we have created something that reflects the best of Montgomery County.”
