2. Early findings and achievements

3. SDGs implementation strategy
Main challenges of SDGs implementation
The World has adopted a more ambitious agenda
SDGs represent a tranversal vision of development

Main related SDG:

That provides services of:

CIUDADES Y COMUNIDADES SOSTENIBLES

With the objetivo of:

And accomplishes guidelines in:

FIN DE LA POBREZA

TRABAJO DECENTE Y CRECIMIENTO ECONÓMICO

REDUCCIÓN DE LAS DESIGUALDADES
SDGs are not an isolated topic, they embrace all other agendas
Early findings and achievements
SDGs are already included in Colombia’s National Development Plan

More than half (54%) of the SDGs targets are already included in the NDP (92 of 169)
**SDG’s are in line with Peace Agreements**

**Peace Agreements**

- Comprehensive Agricultural Development Policy
- Political Participation
- End of conflict
- Illicit Drugs
- Victims

**SDGs**

- 50 SDG targets are directly linked with Colombia’s peace agreement
- 46 SDG targets are directly linked with Colombia’s post conflict projects
Fullfillment of the Agenda will require unified efforts from government, private sector and international community.

135 National Government

169 SDGs TARGETS

34 Not exclusive of the country

110 Need active actions of the SNG and multilevel coordination

88 Need active role of private sector
In average 42 / 169 SDG targets where included in Governmental Plans 2016-2019

- SDGs with the highest inclusion where: 4 (Education), 9 (Industry, innovation, infrastructure), 7 (Energy) and 13 (Climate Action)

Report information to supplement public sources

¡Here we are Today!

Engagement with communities and civil society
Partnerships with subnational governments
SDGs Technical Committee:
Resource Mobilization Group (Public, Private, International)

Objective
Facilitating public-private dialogue and partnerships toward co-creating and aligning around a common agenda for action and advocacy.

This group is working on:

• Identify **actors and significant experiences** of alignment, coordination, monitoring and management of public-private partnerships to implement and achieve the 2030 Agenda.

• Identify **opportunities for resource mobilization** and joint public-private efforts to implement and achieve the 2030 Agenda.

• Adapt **existing tools** to public-private framework in order to strengthen the territorial capabilities to implement and achieve the 2030 Agenda.
