SUMMARY
The Founding Executive Director of Citizens of the World – DC Public Charter School (CWCDC) is a visionary instructional and operational leader who will lead and grow our region of schools to build a pre-K to 12th grade continuum over time. S/he will have a sophisticated understanding of and experience with managing or leading an outcomes-driven, multi-site organization, directly impacting education reform and specifically, academic outcomes for students.

The Founding Executive Director will create and maintain an organizational culture that challenges and motivates our diverse leaders, students, teachers, and families to achieve academic excellence, develop as people, and positively impact the communities in which they live. S/he will have a commitment to the educational philosophy of our school that includes a constructivist approach, project-based learning, and the mission and core purpose of our organization.

The CWCDC Founding Executive Director will embrace the change and growth that comes with founding a new region. S/he will collaborate closely with the Citizens of the World Charter Schools (CWCS) national network staff, the CWCDC Board of Directors and Founding Group, and the Founding Principal. CWCDC plans to submit a charter application to DC Public Charter School Board (PCSB) in the spring of 2018 proposing a fall 2019 opening. The Founding Executive Director will play a vital role in establishing the region and launching and enrolling a PK3 to Kindergarten school with 124 students and growing the school to its full capacity.

This is a full-time position located in Washington, DC. For more information on Citizens of the World Charter Schools, please visit www.citizensoftheworld.org.

**ABOUT CITIZENS OF THE WORLD CHARTER SCHOOLS**
Our purpose at Citizens of the World Charter Schools is to realize human potential by strengthening the bonds among us and developing true citizens of the world. In this work, we are guided by our core values of Excellence, Authenticity, Diversity, Community, and Change and our operating norms, which reflect a commitment to personal and professional growth, including operating as learners, and with curiosity, integrity, and humility.

The mission of Citizens of the World Charter Schools is to impact and expand the conversation about what an excellent education contains, requires, and accomplishes. Citizens of the World schools challenge students to realize their full potential and thrive in a diverse society.
We are public schools open to all, committed to serving diverse communities throughout the U.S. with schools currently in Los Angeles, New York and Kansas City. We develop sophisticated thinkers who master content and have a courageous and compassionate sense of responsibility for themselves and all people. Our schools are in strong demand: in 2015, we had ten times more student interest than space available. Our classrooms are challenging and joyful learning environments that engage children through projects tailored to their personal experiences, strengths, and needs.

Our teachers take the time to get to know each child as an individual. We empower children to think critically and learn to engage respectfully and productively with fellow students by developing their capacity to enter into and understand the lives of others. Our goal is for student “success” to include mastery of both content and emotions, so that students can meaningfully connect with each other, be part of any community, and courageously decide who they are in the world and how they want the world to be.

In this work, we:

• Prepare students to become citizens of the world in an ever-changing future.
• Promote academic rigor and experiential learning to support and develop children’s natural intellectual curiosity.
• Embrace a constructivist, project-based learning approach to teaching and learning.
• Develop each child’s potential to live as a learner, both in school and out.
• Reflect, welcome, and celebrate the community’s diversity.
• Strengthen the bonds among members of the school community and beyond.
