To Register for Lean or Six Sigma Green Belt Certification Training, COPY & PASTE the following link in your browser on a PC/Mac: https://www.iise.org/LeanGreenBelt/112019/NEU

Note: if you are prompted to enter the advisor’s name for IISE at Northeastern University, enter: Mehdi Behroozi.

There are three ways to register based on the following conditions:

- **If you are a member and already have a web account:**
  - Use your login information to access the registration form.

- **If you are a member but do not have a web account:**
  - Create a web account by pressing the “Create Web Account” yellow button. Have your member number at hand so you can enter it and match it with the rest of your information. After creating an account, you will be directed to the registration form.

- **If you are not a member and do not have a web account:**
  - Create a web account and become a member by pressing the “New Customer” yellow button. Insert all your information and after you have successfully created an account, you will be directed to the registration form.

When filling out the registration form:

- When it asks you to respond: “Please share how you heard about this event?”, select “Other” if you heard by an email blast, presentation, or flyer from the IISE Chapter at Northeastern University.

- Following, it will show you a breakdown for the payment process. There are three sections:
  1. The first section confirms the certification training you are taking (Lean or Six Sigma) for the Green Belt as a student, followed by the place where you are taking it (which should be Northeastern University) and the dates the training will take place. **If you are a professional (or a non-student) you should contact iisenortheastern@gmail.com directly.** If you are registering before the Early Bird date, your total price should be $550. If you are registering after the Early Bird date, your total price should be $600.
  2. **The second section is completely optional. Your donation would be for National IISE, not IISE Chapter at Northeastern University.**
  3. The third section allows you to enter your credit card information. It is very important that all this information matches your credit card, so the process flows smoothly and there are no complications. As well, have the billing address and zip code for your card at hand for this section.

- Once you are done inserting all your information, click Submit once and wait for the website to confirm that your payment was processed. Once you are able to confirm that the payment was successful, the IISE Chapter at Northeastern University will receive your information. More information regarding scheduling and location will be disclosed a week before the certification training via email.
