WeWork Amenities and Procedures

Conference Rooms
WeWork conference rooms operate on an internal credit system, which is shared by all members under Northeastern University’s business account. Credit overages result in additional fees.

Due to this process, a limited number of booking credits are reserved each month for Northeastern staff and faculty. Pre-approval is required for students to book a conference room. Requests should be provided to San Francisco operations staff in advance and as early as possible.

Students are encouraged to use all available/shared areas in the building prior to requesting a conference room reservation.

Northeastern Study/Work Desks
Anyone with a Northeastern account may book a study desk in room 20-113 on their own (without pre-approval) by using the following Booking link: https://bit.ly/2GYCwrw.

Members may also use the desks in room 19-102, which are available on a first come, first served basis.

Lounge Areas
WeWork lounges and kitchens are available for you to use any time. All members are expected to clean up after themselves and help keep these areas tidy for others. Refrigerators are typically cleaned out at 2:00 pm on Fridays. Leave a note on any items that you want kept over the weekend.

Event Space
Northeastern University partners who are interested in hosting or collaborating on an event at WeWork 600 California Street should contact Gloria Balderas (g.balderas@northeastern.edu) at least 3 weeks in advance of the event date.

Pet Policy
WeWork maintains its own pet policy, unaffiliated with Northeastern University. If a member is within any Northeastern space at WeWork, that member is subject to Northeastern policy regarding pets.
Persons with documented disabilities who are requesting to bring a service dog or other support animal must contact and submit appropriate documentation to the Disability Resource Center prior to the animal being on site.

In the event of an earthquake, remain in your room if possible and take cover under desks, tables, or strong doorways until the shaking stops. Keep away from windows and other glass, shelves, and high-stacked materials. Follow the directions of the floor wardens.
