Now hiring for our Summer Immersion Program (SIP)!

Whether you’re a middle school science or math teacher excited about bringing computer science opportunities to your students or a seasoned engineer looking to give back to your community, we are looking for you.

HELP GIRLS CHANGE THE WORLD THROUGH CODING!

WHO WE ARE

Girls Who Code single mission is to close the gender gap in technology. By building the largest pipeline of future female engineers in the United States.

WHY IT MATTERS

Computing is where the jobs are - and where they will be in the future, but fewer than 1 in 5 computer science graduates are women.

SIP TEACHING ASSISTANT QUALIFICATIONS

- Declared or intended BA or BS in Computer Science, Education, or related field by start of program.
- Rising Sophomore, Junior, Senior at a University or College.
- Fluency in at least one programming language.

SIP INSTRUCTOR QUALIFICATIONS

- Bachelor’s degree in Computer Science or related field, must be complete by the start of the program.
- Equivalent work experience and technical proficiency may be acceptable in lieu of a CS degree.
- Previous teaching experience, Computer Science or a related field preferred.

Must be able to commit to a full eight week summer program from 8:00am - 5:00pm schedule from June/July - August (exact dates are determined by location).
