Sustainability Analyst

Our firm is seeking an entry level professional to plan, manage, and implement community driven energy efficiency projects in New York. We are looking for someone with experience to join a dynamic team that holds social, economic, and environmental justice as a core value. This is a great opportunity for highly motivated, committed professional who excels in a collaborative environment. You will be joining a growing high energy, fun, and passionate team!

Who is Kinetic Communities Consulting?

Kinetic Communities Consulting (KC³) is New York City’s first certified Minority & Woman (M/WBE) Benefit Corporation energy equity consulting firm. KC³ advocates and implements energy market transformations for diverse New York communities. We use data to develop strategic engagement strategies and tools to catalyze positive relationships with energy. KC³ works on projects throughout the State of New York. We work in the intersection of finance, engineering, planning, and organizing; a sweet spot that helps us understand how to systematically drive change for a clean energy transition. We want to help our communities save money, feel safe, and live in a cleaner environment.

KC³ works with the sectors most impactful leaders. We want to help New Yorkers lead by example, which is why we have committed to our own internal goals. KC³ has volunteered to be legally committed to consider our impact on our workers, customers, suppliers, community, and the environment. KC³ is registered through Certified B Corporation, CEO Action for Diversity and Inclusion, 1% for the Planet, We Are Still In, and commitment to Net Zero by 2030.

What are your Daily Tasks?

1. Support an equitable lens in all solutions developed
