The children of St Eddie’s and Canowindra Pre-School got into the spirit of Alpacas with Maracas last Wednesday during National Simultaneous Storytime.

Macc And Al The Maraca
Shaking Alpacas

Last Wednesday the children from St Edward’s Primary School Canowindra and Canowindra Pre-School took part in National Simultaneous Storytime, with this year being the biggest year yet for the event with 1 million children throughout the country sharing the story.

The book chosen this year was Alpacas with Maracas by Matt Cosgrove.

Librarian from St Edward’s Primary School Mrs Vanessa Fisher had the children excited by the book about Macca and his pal Al who are the best of friends and love spending time together. When there is an opportunity to enter a talent contest, they just can’t resist. But what will their act be? Will they shimmy and shake? Dance and prance? Whatever they choose, it will surely be a performance to remember!

The children all got into the spirit of the morning with Sombreros, Maracas and Ponchos and the Pre-School Children all wore Alpaca headbands that they had coloured in themselves.

Now in its 19th year National Simultaneous Storytime (NSS) is held by the Australian Library and Information Association (ALIA). Every year a picture book, written and illustrated by an Australian author and illustrator, is read simultaneously in libraries, schools, pre-schools, childcare centres, family homes, bookshops and many other places around the country. It is a colourful, vibrant, fun event that aims to promote the value of reading and literacy, using an Australian children’s book that explores age-appropriate themes, and addresses key learning areas of the National Curriculum for Foundation to Year 6.

The children and staff of St Edward’s were then treated to a Mexican taco lunch put on by the school’s P&F.
LETTERS

To the Editor,

Hello to everyone in Canowindra.

Most of the update is without pictures as our camera had a hissy fit.

In the last few weeks we travelled across the Nullarbor through Norseman and on to Wave Rock at Hyden, this has to be seen to be believed.

We went on to Corrigin in the central wheatbelt area and stayed with son Geoff -rey who is in the shearing business.

We moved on to Geraldton for a week, visited the HMAS Sydney 2 memorial site, also fishing the Batavia Coastal area and the jetty where big ships load ore for overseas.

We moved on up to the Ningaloo Lighthouse Caravan Park at Exmouth Gulf for this last week of which we do have a couple of pictures. We have been surf fishing for the big one but no luck yet. Had a tour of the Ningaloo Coral Reefs on the glass bottom boat, this was really great to see.

Tomorrow we head North on toward Port Hedland.

Till next time when we shall keep in touch.

Bye for now Al and Deb Symons

THUMBS UP... THUMBS DOWN

THUMBS UP
To Lawrence’s IGA for supplying beautiful fruit and veg for the Canowindra Public School Crunch n Sip morning.

THUMBS UP
To winter finally arriving, how good are wood fires!

THUMBS DOWN
To the old orange ute in Flanagan St parked there for months, with flat tyres. Public streets are not to be used for private hobbies. The owner living in the corner house, remove it! We can’t see cars coming from Gaskill St when leaving our back lane.

THUMBS DOWN
To those who leave junk and plastic inside the tennis courts, on the grass along the fence. I collect more rubbish than tennis balls when I play.

THUMBS DOWN
To the man swearing and abusing a lady at a local club last weekend while she was trying to organise the meat raffles. He should have been kicked out it was disgraceful! It ruined our evening completely.

Cabonne Mayor Welcomes Funding For Road Safety Upgrades

Cabonne Mayor Kevin Beatty has welcomed almost $2.3 million in NSW Government funding to undertake important safety upgrades on two of the Shire’s roads.

Deputy Premier John Barilaro’s Parliamentary Secretary Steph Cooke announced the funding last week as part of $7.5m million in grants for the Orange electorate under the Resources for Regions program.

The Government has allocated $1.23m to widen shoulders and correct the road surface on a 5.5km section of Vittoria Road, while more than $1m will go towards widening about nine kilometres of Davy’s Plains Road and installing life-saving safety barriers.

In all more than $3.1m will be spent on the two roads, with Cabonne Council contributing $760,000.

Both roads are part of a network that provides access to the Cadia Valley mining operations, as well as being key freight routes. Vittoria Road will soon provide a link to the new Regis Gold Mine near Blayney.

Cr Beatty said the safety of all road users was Cabonne Council’s highest priority and these two projects would provide significant safety benefits.

Mr Barilaro said Resources for Regions projects help create extra jobs and economic growth in mining-related communities.

“I have seen first hand the difference this fund has made in mining-related communities including in Parkes where the refurbishment of the Community Health building will expand current services to include a full-time preschool, outside school hours and vacation care,” he said.

“This is a significant investment in the Orange electorate at a time of severe drought where we need to continue to see more investment in our regions,” he said.

Mining makes a large contribution to the NSW economy, supporting more than 100,000 jobs, but the benefits it brings can place extra pressure on infrastructure, such as wear and tear on roads.

The Resources for Regions program is funded from the Restart NSW Fund, part of the NSW Government’s commitment to the delivery of infrastructure which increases the economic growth and productivity of the state.

STEPH COOKE, PARLIAMENTARY SECRETARY FOR DEPUTY PREMIER JOHN BARIARLO, WITH MEMBER FOR ORANGE PHIL DONATO (LEFT), CABONNE MAYOR KEVIN BEATTY AND CABONNE COUNCIL’S GENERAL MANAGER BRAD BYRNES AFTER ANNOUNCING $2.3 MILLION FOR TWO CABONNE ROAD SAFETY UPGRADES.

Well done to Nina Cuddy on winning first place at the CWA Public Speaking Competition last week.

Ben Hall Steals More Gold!

An international web-based broadcast that involved short films made by students from Central West schools themed around the activities of infamous goldrush-era bushranger Ben Hall and gang has won the prestigious Museums and Galleries National Award (MAGNA) for Orange Regional Museum.

Devised and delivered by Orange filmmaker Vince Lovecchio and Bathurst children’s book author Paul Stafford (working as The Project Zone), Bigger than Ben Hall broadcast live from Canowindra via video-conference to nearly one hundred schools in NSW and USA.

It featured a re-enactment of the gang’s notorious three-day ‘Siege of Canowindra’ with local horsemen led by Matt Rice as bushrangers closing the main street of Canowindra and robbing a Cobb & Co coach and wealthy squatter’s sullky. They then shepherded locals and visitors into the Royal Hotel, site of the original siege which involved a three-day-long, bushranger-funded party. The short film festival, anchored live by student stars and bushranger author and historian Craig Lawler, followed a Welcome to Country by Wiradjuri Elder, Aunty Esther Cutmore.

Films broadcast included two from Canowindra Public, with a retelling of the Ben Hall re-enactment in Canowindra activity, so we decided to theme it around the Ben Hall gang’s activities.’

‘This project represents a major collaboration with the Department of Education to create a special, one-off broadcast for the last day of school in 2018. They provided the web-platform, equipment, personnel, and tech support, which enabled us to broadcast internationally,’ said Stafford.

‘The participating schools were stoked, it involved lots of strong learning outcomes like writing and research, helped students contextualise, own and re-interpret their local history, and embedded STEM elements like green-screening and international web-based content delivery. Bigger than Ben Hall took widespread community involvement, massive in-kind support and goodwill and lots of fake beards.’

The research component of the project involved schools linking up on-line with Mitchell Library, whose digital archives include a substantial collection of Ben Hall correspondence, weapons, wanted posters and memorabilia. A special collaboration negotiated between project partners meant curators of the collection were made available to assist students to identify and interpret material pertinent to their particular bushranger incident.

The Windows 7 operating system (OS) is reaching what we call “End of Life” in January 2020, so therefore will have zero support, no updates, and essentially be unwise to keep using if it is required to access the internet. Now may be a good time to upgrade your PC or laptop to Windows 10 which is best done while your computer is still operating. A new OS and possibly a new hard disk will greatly improve your computing experience. It is more cost effective if you are a basic computer user to upgrade, could cost less than $300 to do so, rather than buying a new unit if your current one is in good condition. Contact me today to discuss any of your computer upgrade needs.

The Tigers had more intensity and their defence was the most impressive part. Their combinations in attack when they backed up with solid performances. Brydon Hughes at five eighth was the ever-reliable game organiser. Alex Rider from fullback was impressive in attack with his runs and was a handful for the Condo defence.

The Montrose House Players Player went to Regan Hughes. 3 points to Regan Hughes, 2 points to Tatafu Na’anianmotu and 1 point each to Andy Kelleher and Curtis Hughes.

Well done to the following Tigers who will play in the Woodbridge Cup Representative teams who play against Mid-West this Saturday 1st June at Cargo...Andrew Kelleher, Nathan Whatman, Regan Hughes, Lindsay Thurgate, Paige Selton and Alicia Earsman.

The U7s took on Parkes, Millthorpe, Cowra, and Forbes last Sunday in Cowra. Both Lachlan and Jack Nash did not shy away from running the ball hard up the middle. The outstanding ball handling of Jack Tregove was evident early and he baffled the opposition with side line dashes. Spencer Douglass showed initiative, diving for several tries close to the line. As always, Tommy Jobson was the go to man, a play maker able to attack the advantage line. Lateral passing and running forward are improving with all players, especially Caleb and Sam, who are fast learning the game. James Morrow showed grit and determination, shaking off an early knock and regathering himself to play some great football.

The U9s faced a determined Forbes outfit in the first match going down narrowly in a hard fought game. The second game against the North Sydney Pirates was a tough match against a well drilled outfit, but again the boys never gave up trying. Finishing off the day against Millthorpe with the result going the Pythons way this time. Sam Breen fronted up again with some gritty defence and tenacious ruck play. Campbell Arnott backed up this week with a strong running game and also lead from the front with his defence.

The U11 boys came up against a slick North Sydney Pirates team in the first game. Lachie Rice and Toby Stephens made some barnstorming runs leading to several tries. In contrast the second game against Forbes was a real grind and a test of the boys metal. Jack Smyth lead the team around the paddock courageously. Cooper Williams and Hugh Nash were spirited at the breakdown and rock solid in defence. The third game saw the boys play a Kinross team that had improved considerably from the previous weeks clash. The boys found themselves behind at half-time, however a spirited comeback in the second half with scything runs from Connor Watson, Cooper Breen and Marcus Wythes saw the boys slowly get on top of the opposition.
