- **I have an $8,000.00 deductible on my health plan and Novartis paid $7,900.00 towards my deductible. If they wouldn’t have done that, I would not be able to afford my medication. I am SO afraid (every day) that this will end. Living in fear and with CML.**

- **We have liquidated all our assets sold our home to stay ahead. We are not solvent and are trying to survive on [social security disability] plus a few dollars my wife makes working. We are in dire straits and need financial assistance which is not available through our state gov’t. We have even tried a fundraiser but... it did not do well.”
