Comparing to Private Practice
The story of overdose at MNRC
Challenges and how we addressed them
It’s not about the bullseye
We Just Have One Shot
We Treat the Pain First
Working in pairs
Charging a nominal fee to make clients more accountable
Expectations
Let's be realistic
The story of Julius
The story of Gustaf
People who want to be sick: they come for the attention, not to get better, we become their New Addiction.
The story of May

What is Opportunism?

Behavior that is
Exploitative - Selfish - Unprincipled - Inconsiderate

Taking advantage of circumstances with little regard for principles or concern for others
I am a woman.
I served in the military.
I am a veteran.

The story of April
We Believe in the Power of Homeopathy
