Health Care of People with Disabilities –
150 years Evangelische Stiftung Neuerkerode

The care of people with mental disorders and intellectual disabilities (ID) has a 150 years long tradition in the Evangelische Stiftung Neuerkerode, a welfare institution, in Germany.

The congress “Health Care of People with Disabilities - 150 years Evangelische Stiftung Neuerkerode” builds on developments in the health care for people with disabilities and is an EPA Mental Health and Intellectual Disabilities (MHID) Section co-organised event. The Conference will be held in Braunschweig, Germany on 26-27 November 2018.

National and international speakers will report the latest developments in the health and mental care of people with ID. The EPA MHID Section is very happy to invite colleagues of national psychiatric associations, to participate to this conference.
