This unique course takes the student from Biblical Israel to the diverse, contemporary world of Jewish civilization in just one semester. The course opens with a review of the major themes of the "Torah" and then proceeds to examine the ways in which these ideas shaped Jewish civilization. Readings from Hebrew Scripture (in translation), the Talmud, Midrash, medieval, and modern thinkers. Three credits.

Returning in Fall 2019 as HEJS 1103 "Who Are the Jews? Jewish Identity Through the Ages" (open to all undergraduates)
