- Small Group Discussion or Workshop Proposal
  [https://www.surveymonkey.com/r/HHSGDProp](https://www.surveymonkey.com/r/HHSGDProp)

We recommend that you prepare your proposal in a word processing application and then paste each component into the corresponding online section.

If your abstract is accepted, it is considered a commitment to attend the preconference and present. You will also need to commit to a minimum of a one-day registration at the NEGEA conference. Abstract decisions will be sent to the first author by Friday, February 14, 2020. All abstracts will undergo a peer-review process by at least 2 reviewers.

“Innovations in Health Humanities Education” Session Proposal

Purpose: Presentations should promote dissemination and discussion of educational innovations involving the health humanities.

Format: Oral Platform Presentations (10 minutes content; 5 minutes Q & A)
Presentations will be part of the 75-minute session, Innovations in Health Humanities Education. Presenting authors should be familiar enough with the project to discuss relevant literature, present findings and answer questions. No more than two presenters will provide a 10-minute overview of the educational innovation, followed by a 5-minute question and answer period. Session moderators will keep presenters to 15 minutes to ensure all presenters have equal time.

Proposals are limited to 300 words and must include the following components:
- Objective or purpose of innovation in health humanities education
- Background and/or theoretical framework and importance to the field
- Design: Instructional methods and materials used
- Outcomes
- Innovation’s strengths and limitations
- Feasibility and transferability at other institutions and/or with other learners

Required but not included in 300-word count:
- Title
- Author(s) and affiliated institutions
- References

Proposals will be peer-reviewed and adjudicated using the following criteria based on the clarity and relevance of the above components.
“Small Group Discussions or Workshops” Proposal

Purpose: Small group discussion topics may address administrative issues, curriculum, evaluation, assessment, or professional development within the context of health humanities. Workshops are skill-oriented, interactive experiences for learners which will allow them to take home specific knowledge and skills.

Format: Small Group Discussion or Workshop (45 minutes)
Small group discussions will include a brief focused presentation by one or more presenters followed by an exchange between the presenters and the audience. Ample time for questions and comments from the audience, and responses by the presenter should be included. Workshop activities will include hands-on practice and/or active learning for the majority of the workshop time.

Proposals are limited to 500 words and must include the following components:

- **Rationale:** Why the topic is important, its timeliness, and its relevance to health professions education
- **Learning Objectives:** What participants will learn or be able to do as a result of this session
- **Session Methods and Format:** Indicate amount of time to be allocated to each presenter or element of the program. Describe the format of the session and the methods that will be used to engage participants
- **Experience:** In one sentence per presenter, describe the experience of the presenter(s)

Required but not included in 500-word count:

- **Title**
- **Author(s) and affiliated institutions**

Proposals will be peer-reviewed and adjudicated using the following criteria based on the clarity and relevance of the above components.
