Peer workers delight in opportunities to connect, network, and learn from one another, so Brook RED is kicking off 2016 with a pilot run of ‘peer worker brekkie sessions’ that will give us a chance to get together and explore a number of peer work topics.

The sessions will run on Saturday mornings at 88 Norton Street, Upper Mt Gravatt Q4122 from 9:00 – 11:00, once a month from February through July (and hopefully beyond!). There will also be time afterwards to stay on and network and connect.

There are a maximum of 15 spaces at each session and there will be a cost of $10 per session to cover the cost of a light brekkie (collected on the day). We hope you’ll be able to join us! Book in by emailing Donna at donnah@brookred.org.au or call on 3343 9282.

**Saturday 13th February from 9:00 – 11:00**
Framing our lived-experience & Self-stigma in the Peer Workforce
Peer work is complex, so let’s start our 2016 brekkie sessions with a foundational exploration of how we define our lived experience & self-stigma within peer work.

**Saturday 12th March from 9:00 – 11:00**
Peer Work in Clinical and Community Settings
The only wrong place for a peer worker is no place, so this session will give us a chance to look at how peer work is happening in a both clinical and community settings.

**Saturday 9th April from 9:00 – 11:00**
Peer Worker Practice Strategies and Skills
We’ll all have a look at a scenario and discuss the approaches we might take as peer workers. A great chance to learn a bit more about differing frameworks of practice.

**Saturday 14th May from 9:00 – 11:00**
Peer Worker Top 5 Tips
Share and discuss your top 5 peer worker tips so that we can all learn from each other and respectfully steal ideas and strategies to make us all better peer workers!

**Saturday 11th June from 9:00 – 11:00**
Professional Development & Career Opportunities for Peer Workers
A look at what’s available out there, training, what we need, and where to from here?

**Saturday 9th July from 9:00 – 11:00**
Peer Worker Supervision
Sharing best practice frameworks around supervision, looking at what unique supervision needs we have as a workforces, what’s available, and where to go.
