| NDCs - Art.4       | Annex I para 4.a.1: Domestic institutional arrangements, public participation and engagement with local communities and indigenous peoples, in a gender-responsive manner.  
Annex I para 4.d.ii: Adaptation plans that also yield mitigation co-benefits, which may cover but are not limited to key sectors such as energy resources, water resources, coastal resources, human settlements and urban planning, agriculture and forestry. |
| Adaptation - Art.7 | Annex (h): Gender-responsive adaptation action and traditional knowledge, knowledge of indigenous peoples and local knowledge systems related to adaptation, as elements of an adaptation communication. |
| COP24 Decision     | Annex para.19: Enhanced engagement of stakeholders at the local, regional, national and global level will be beneficial for the Technology Mechanism.  
Annex para.20.a: Enhancing engagement & collaboration with relevant stakeholders, including local communities and authorities, national planners, the private sector & civil society organizations in the planning & implementation of Technology Mechanism activities. |
| Technology – Art.10.4 | Para. 10: Encourages Parties to foster public participation and collaborate with, inter alia, regional as applicable and local authorities to scale up the implementation of Action for Climate Empowerment (ACE). |
| COP24 Decision     | Annex para.109. Adaptation  
b- Adaptation goals, actions, objectives, undertakings, efforts, plans (e.g. national adaptation plans and subnational plans), strategies, policies, priorities (e.g. priority sectors, priority regions or integrated plans for coastal management, water and agriculture), programmes and efforts to build resilience.  
c -How best available science, gender perspectives and indigenous, traditional, and local knowledge are integrated into adaptation.  
h - Stakeholder involvement, including subnational, community-level and private sector plans, priorities, actions and programmes.  
Annex para 114.a - Adaptation - Ownership, stakeholder engagement, alignment of adaptation actions to national and subnational policies, and replicability.  
Annex para.141.c – Capacity Building - Support received at the national and, where appropriate, sub-regional and regional level, including priorities, participation and the involvement of stakeholders. |
