FORUM FOR ADVANCED BIOMEDICAL COMPUTATION

Join us for an in-depth discussion of computational methods applied to the understanding, diagnosis and treatment of human disease.

MONDAY, FEBRUARY 5, 2018, 4:00PM-5:30 PM

RAMZI COTTRAN CONFERENCE CENTER
AMORY 3, 75 FRANCIS STREET, BRIGHAM AND WOMEN’S HOSPITAL

The Hype and Hope of Artificial Intelligence in Medicine

A panel discussion on machine learning models, decision support systems, and their medical applications.

Moderator: Kun-Hsing Yu, MD, PhD
Research Fellow, Biomedical Informatics, HMS

Synho Do, PhD
Director Laboratory of Medical Imaging and Computation;
Assistant Medical Director, MGPO, MGH and HMS

Jayashree Kalpathy-Cramer, PhD
Assistant Professor of Radiology, HMS;
Assistant in Neuroscience, MGH

Light refreshments will be served

Sponsored by Computational Pathology, Department of Pathology and Precision Medicine, BWH
