All students, faculty and staff are invited to a

**uOttawa Climate Change Teach-in***

The Science, Impacts, and Solutions

Get ready for the big Climate march on Sept 27!

Five experts will speak about the different dimensions of climate change, its impacts and solutions, leading to a broad discussion with all attending.

**Climate Science 101**
Jeremy Kerr, Chair, Department of Biology, University Research Chair in Macroecology

**Climate Change and Economics**
Nic Rivers, Canada Research Chair in Climate and Energy Policy

**Social and Indigenous Impacts**
Sonia D. Wesche, Professor, Department of Geography, Environment and Geomatics

**What is Canada Doing?**
Heather McLeod-Kilmurray, Professor and Co-Director, Centre for Environmental Law and Global Sustainability

**Building a Low Carbon Future**
Stewart Elgie, Professor, Faculty of Law, and Director, Institute of the Environment

**The Climate March (on Sept, 27): what, why, when, where**

* A ‘teach-in’ is a term first coined at universities in the 60s. It is a participatory seminar or panel discussion, focused on issues of public importance. They are still common today.

**Thurs. Sept 26, 11:30–1PM at University Square**
(in front of FSS)
