Osha’s National Safe + Sound Campaign

According to OSHA, more than 5 million workers suffer serious or fatal injuries every year. Each year employers spend billions of dollars on safety equipment, consulting, and training – because no one can afford to pay the price of another worker’s injury or death.

OSHA’s National Safe + Sound Campaign is a joint effort by OSHA, the Campbell Institute, and NARI to improve workplace safety and health. The campaign is a call to action for organizations to make workplace safety a priority. Its goal is to raise awareness of workplace safety and health issues and encourage organizations to commit to improving their safety culture and workplace safety and health programs.

The campaign includes a variety of resources, including webinars, toolkits, and case studies. It also provides tools and resources for employers to develop their own safety and health programs.

 Employers who participate in the campaign can receive recognition for their efforts. The campaign has been successful in improving workplace safety and health across a variety of industries.

The campaign is a joint effort by OSHA, the Campbell Institute, and NARI to improve workplace safety and health. Employers are encouraged to participate in the campaign to raise awareness of workplace safety and health issues and improve workplace safety and health culture.
How Are We Spreading the Word?

OSHA Safe + Sound Campaign: May & June Events

VPPPA is a proud partner of OSHA's 2018 Safe + Sound Campaign. The official Safe + Sound Week doesn't take place until August 13-19, but there are webinars and other resources available leading up to the main event. You can check out the full calendar of events here. During the month of May, you can access the on-demand webinar: Selling Safety to the Front Line Employee. In addition, the Building a Culture of Safety from the Ground Up webinar will take place June 19 at 2:00PM ET. Be sure to regularly check the calendar for the newest updates and webinar opportunities!

-Back to Contents-
We included a full page of information (pg. 38) in the Spring issue of *The Leader*, which hit desks at the end of May.
Other Ways of Promoting Safe + Sound: News Items, Social Media, VPPPA Regions

News Items
Promoted the April 25 webinar: Free Webinar Opportunity: The Three Core Elements of Safety and Health Programs

Social Media
We have talked about the campaign on Facebook and Twitter, and will continue to do so.
Like us on Facebook: /VPPPA Follow us on Twitter: @VPPPA

VPPPA Regions
We have promoted the event during several of our Regional Chair calls, ensuring that our ten regions are aware of the event.
CPWR – The Center for Construction Research & Training
Show Your Commitment to Safety:
Safe + Sound Week 2018

CPWR is proud to partner with OSHA for Safe + Sound Week, a nationwide event to raise awareness and understanding of the value of safety and health programs that include management leadership, worker participation, and a systematic approach to finding and fixing hazards in workplaces. Will you join us August 13-19, 2018 to help make your worksite Safe + Sound?

I hope you will join CPWR, OSHA, and organizations inside and outside the construction sector by marking the week with events and activities showcasing core elements of an effective safety and health program, such as management leadership, worker participation, and finding and fixing workplace hazards. Visit OSHA’s Safe + Sound Week website to get ideas on how to celebrate the week at your workplace and to register your organization as a Safe + Sound Week participant, and check out CPWR’s Safe + Sound page for construction-specific resources and to order free Safe + Sound hardhat stickers for use at your event!
Participate in Safe + Sound Week: August 13-19, 2018

SAVE THE DATE

Our very own Crystal Canman, Senior Manager, Survey Services at NSC, is hosting a webinar discussing the value of employee perception surveys as a part of #SafeAndSound2018. The webinar is set to take place on May 16 at 3:00 ET. Register to help #KeepEachOtherSafe.
